VINTAGE NOTES - 2014

After a cold winter, we welcomed a dry, and warm spring and summer that lead to beautifully developed skins. Gentle cooling trends at the beginning of fall provided the grapes ample amount of time to ripen to perfection until the end of October. The 2014 wines will be characterized by lower acidity, deep and complex reds, and fruit forward whites.

CLONE

3 Dijon Clones 45% 777, 35% 667, & 20% Pommard
